Health Visiting

Health advice, immunisations, screening and routine health reviews are all important parts of the Healthy Child Programme. They are carried out by health professionals usually Doctors, Midwives, Health Visitors, Practice Nurses and School Nurses. The role of the Health Visitor and team members is to improve the health of families and children in the crucial first few years of life. Working in the community, the Health Visiting Service aims to educate parents to enable them to prevent childhood illness, whilst promoting family health and wellbeing.
